

## Application for Industrial Membership

**Industrial Membership** is available to companies working in the field of computer simulation and modelling, simulators and related areas of interest. The **Industrial Membership covers three (3) individual memberships** of people employed in the same company at the same time at the same location. Membership is fully portable on the event of change in one of the individuals covered by the membership to another member of the company, upon receipt of the change by the designated company contact person.

**Membership is valid from the date of payment for a period of 1 year.**

Please indicate only one Technical Committee area of your main interest
