The meeting room will be the DESCUBRE Room, 4th floor Red Cube, Building 8E.

For those taking part virtually in the ISC'2024 Conference there will be an Online Meeting Room using meeting software. (**Information on which software to be used, will be sent to all paying participants before the conference**) ISC'2024 Registration will start on Monday June 3rd, at 09.00 a.m. till 12.30 p.m. On Tuesday, June 4th it will be from 08.30 a.m. to 12.00 p.m.

2. Getting to Valencia and the Universidad Politecnica de Valencia

By Plane
You will arrive by plane in Valencia at Valencia Airport, which is located 8,5 km outside Valencia. There are direct flights to and from Valencia, international airport to Brussels - Frankfurt - Lisbon - London - Milan - Paris - Zurich. An air shuttle to Madrid and Barcelona ensures easy connection to all other destinations around the world. From the airport you can take a taxi, an aerobus, bus or metro to the centre of Valencia.

By Train
Connection with the European railway network daily via France daily connections with all the Spanish major cities. Valencia train station is situated in the centre of the city and has direct connection to principle Spanish and European cities. See the link below under Norte Train Station (RENFE) for more detailed information. At the train station there are bus, tube (100 meters) and taxi connections. Norte Train Station (RENFE)

General Information

By Boat
The major company linking Valencia to other seaports in the Mediterranean all year round is Trasmediterranea.

By Metro
The Metro Network in Valencia is excellent, but not too helpful for small scale travel. It does not go anywhere in the centre, for example (that has to do with the consistency of the soil in the centre), and it tends to skip other important destinations, such as Canovas and the City of Arts and Sciences. So it is most useful when you need to cover a long distance. In particular, it is the best way to get to the beach and to the university. The metro will also get you to many destinations around Valencia, beyond the city limits. The metro costs 1.20 EUR fixed fee, to any destination within the city limits. The metro also goes way beyond Valencia, at an extra charge. You can download the metro map here with zones and here without zones but more geographically correct.

By Bus
Valencia bus station is situated to the west of the city, about 20 minutes from universities. From the bus station there are bus, tube (100 meters) and taxi. You can find the map with the university stops here. You will also find a bus stop in front of the town hall. Buses depart here day and night for the rest of the city centre, the suburbs and the outlying communities. The EMT of Valencia in addition to their 91 lines that transverse the city during the day, has seven nocturnal lines and 3 summer lines that link in summer the centre with beaches of Sands and the Malvarrosa. BUSES Plaza Correo Viejo 5, 46001-Valencia

By Taxi
You will find the taxis opposite arrivals at the airport. Price: from the airport to the city centre, approximately EUR 21 (day) - EUR 23 (night)

By Car
Use the A-7 del mediterraneo A7 Mediterranean Motorway Connection with the European expressway network. Connections with national highways: N-III, N-340, N-234, N-332 Autovia A-3 Madrid-Valencia. You can view the highway map here.

On Foot
All chosen hotels in Vallencia itself, are within easy walking distance of the conference site. (see hotel page):
https://www.eurosis.org/conf/isc/2024/hotel.html)

to be entered on the form for the best paper award

General Information

Session Chairs are chosen on a voluntary basis by proposals by either authors or local committee members or are appointed by the Track Chairs, General Program Chair or General Conference Chair. They are responsible for their assigned session. They make sure their speakers are available, take care of the timing within the session, chair the discussion after each presentation and introduce each speaker based on the CV's given to them by the authors. **If a session chair is not available then the first author takes on the responsibility to chair** In case they chair a session featuring **extended papers**, then they are required to distribute and collect the reviews of that or those papers at the beginning and end of the session. If they have time they should also indicate in their papers the number of session participants.

THE NUMBERS NEXT TO THE PRESENTATIONS DENOTE THE PAGE-NUMBERS IN THE PROCEEDINGS. IF NO NUMBERS ARE MENTIONED THEN THIS PAPER IS NOT PUBLISHED IN THE PROCEEDINGS

THE AUTHORS WHO ARE UNDERLINED ARE NORMALLY THE PRESENTERS

ONLY PAPERS IN GREY BOXES ARE THE EXTENDED PAPERS ELIGIBLE FOR THE BEST PAPER AWARD

EUROSIS was borne out of discussions with the European Community to set up a new kind of Society, which would be project driven instead of driven by pure membership and conferences.

The aim of EUROSIS is to set up topic related Technical Committees which will link directly to European Projects in the field of computer simulation and related areas and to act as a knowledge pool for future European Networks of Excellence, like MOSAIC.
