CALL FOR PAPERS

Workshop

MODELLING AND SIMULATION IN THE TEXTILE INDUSTRY

<http://www.isc2004textile.fr.st>

The 2nd International Industrial Simulation Conference 2004, June 7-9, 2004 - Malaga, Spain

TOPICS:

Textile process simulation :

Modelling and simulation in clothing, dyeing and finishing process simulation, production units simulation, textile logistics, spinning mill, spinning simulation, sales forecasting, weaving and knitting simulation...

Textile products and materials simulations :

Textile products simulation and textile chemistry : composite materials, dynamical behavior of textile structures, fireproofing simulation, flame retardant products, new textiles properties evaluation by simulation, smart and communicating clothes, chemical processes simulation in textile...

DEADLINE: JANUARY 20th, 2004

EARLY SUBMISSION DEADLINE DECEMBER 15TH 2003

SUBMISSION DEADLINE JANUARY 20TH, 2004

January 20, 2004:

Submit contributed **full-papers** (5 to 8 proceedings pages) not previously published. These submissions, when accepted will be published as regular or extended papers, depending on their quality.

Submit **extended abstracts** (5 abstract pages) or **short papers** (3 abstract pages), reports of industrial projects and summaries of posters. These submissions, when accepted, will be published as regular, of up to 5 proceedings page papers.

Submit one -to -three page proposals to present tutorials, to organise and chair panel sessions, to organise user meetings, vendor sessions or to exhibit software.

January 20, 2004: Submit abstracts for student and poster session

LATE PAPER SUBMISSION FEBRUARY 15TH, 2004

February 28 - March 5, 2004: Notification of Acceptance or Rejection

April 30, 2004: Authors provide camera-ready manuscript

June 7-9, 2004: Conference

SUBMISSION Send all submissions in an ELECTRONIC FORM ONLY in (zipped) Microsoft Word format, PDF format indicating the designated track and type of submission (full paper or an extended abstract) to EUROSIS, For submissions also please put in the subject of your Email to **philippe.geril@rug.ac.be with cc to vladan.koncar@ensait.fr**, the following indications: ISC2003 and designated track or USE THE ABSTRACT SUBMISSION SITE!

FULL PAPER (including abstract, conclusions, diagrams, references)

During review, the submitted full papers can be accepted as a regular 5 page paper. If excellent, full papers can be accepted by the program committee as an extended (8-page) paper.

Each submission will be reviewed by at least three members of the International Program Committee.

EXTENDED ABSTRACT (at least five pages)

Participants may also submit a 5 page extended abstract for a regular (5 pages) or short (3 pages) paper or poster, which will be reviewed by the International Program Committee. All accepted papers will be published in the ISC'2003 Conference Proceedings.

SHORT ABSTRACT (at least three pages)

Participants may also submit a 3 page abstract for a short paper or poster, which will be reviewed by the International Program Committee. All accepted papers will be published in the ISC'2003 Conference Proceedings.

ONE PAGE ABSTRACTS ARE NOT ACCEPTED

OUTSTANDING PAPER AWARD

The 2003 Industrial Simulation Conference Committee will select the Outstanding Paper of the Conference. The author of this paper will be awarded a free registration for a EUROSIS conference. Only papers SUBMITTED AS FULL papers will be eligible for the Outstanding Paper Award.

LANGUAGE The official conference language for all papers and presentations is English.

Workshop Missions

To enhance the knowledge base of the textile industry by new computer simulation methods involving all areas of textile process and structure environment.
